### Lake Visitation Data Form Page 2

Record the abundance category for each aquatic species (see handbook and include Bald Eagle) you observe at this lake in the appropriate winter period column. If on a subsequent visit during the same period you see enough of any species to qualify for a higher category, you can update the abundance letter.

Please visit the lake at least once in both winter periods if possible.

**Early Period = 1 December to 7 January      Late Period = 8 January to 14 February**

**Abundance Codes:    A = 1-9    B = 10-99    C = 100-999    D = 1000-9999**
