Grouse Bibliography

Revision date: 13 April 2023
Check for newer version

Compiled by Donald H. Wolfe
George M. Sutton Avian Research Center

Organized by genus

Bonasa and Tetrastes

Centrocercus

Dendragapus, Canachites, and Falcipennis

Lagopus

Tetrao and Lyrurus

Tympanuchus

general grouse

related topics

Note: I would welcome any other citations not listed here or links to other grouse-related bibliographical sources. Also, please alert me of any errors that are detected. This bibliography is always a “work in progress”, and is updated as new information is available and time allows.
